Airport Information

The airport that services the St. Louis area is Lambert St. Louis International Airport (STL). Because of the number of students we have flying into the airport throughout the day for our various programs we are unable to arrange shuttle services for students upon arrival. Students will need to arrange their own transportation to campus via taxis or an airport shuttle. Visit <http://www.gobestexpress.com/> for the Go Best Express shuttle that services the Washington University campus.

We will assist students traveling to the airport in reserving shuttles at the end of the program. Students will sign up for shuttles on the "Departure Form" and pay for this service during orientation. **The last shuttle will depart campus to the airport at 11:00am.** Please be sure to book all flight reservations to accommodate this departure time.

Directions to Campus

For directions to the residence hall using *googlemaps.com*, enter "**Shepley Drive, 63105**" as the destination address. Dardick and Nemerov House are the first two buildings on the left on Shepley Drive. Signs will be posted and staff will be available to direct you. To park, go past Dardick and Nemerov and turn left into the parking garage. Once you enter the garage make another left and park near the end of the first level of the garage. You can access pathways to Nemerov and Dardick from the garage.

If taking a taxi to campus: Follow the signs at airport that direct to the taxi stand. Most taxi drivers are familiar with the Washington University campus, but it would be a good idea to have a campus map. Tell the driver to go to the South 40 residential area of the Washington University campus (Shepley Drive) or the "Clock Tower." Nemerov House, Dardick House and the Clock Tower are all on Shepley Drive.

If taking a Go Best Express shuttle to campus: Be sure to select your drop-off destination as "Washington University Campus/Dorms" and your address as "Nemerov (or Dardick) House, Shepley Drive, Saint Louis, MO 63105." When you arrive to the airport, follow signs to ground transportation to locate the Go Best Express counter.
