

Summer Experiences Student Accountability Chart

This Student Accountability Chart is meant to serve as a general guide to the accountability process to promote consistency in the Summer Experiences community. This chart includes a list of program rules, policies, and regulations according to our Code of Conduct. **This document is a general guide and the Director of Pre-College Programs reserves the right to handle infractions as she deems appropriate.**

Please note that program staff will act as student advocates to correct student behaviors and have an open dialogue with students before beginning the formalized accountability process.

Verbal Warning- The verbal warning is a conversation between a staff member(s) and a student(s) to have open dialogue about a disciplinary or behavioral problem. The purpose of the verbal warning is to correct a behavioral or disciplinary problem by bringing it to the student's attention, while educating the student about the rules, procedures, and regulations set forth by the Summer Experiences staff. The verbal warning is a formal step in the accountability process and is **documented** on the online Discipline Report Form.

Supervisor Verbal Warning – A supervisor verbal warning is a documented formal conversation between a supervisor and a student about a disciplinary or behavioral problem. It is the second step of the progressive discipline process but may also be the first depending on the severity of the infraction. The purpose of the supervisor verbal warning is to correct a behavioral problem by discussing it with the student and providing written documentation of that conversation. The supervisor verbal warning is a formal step in the accountability process. The conversation is facilitated and documented by a member of the staff supervisor team.

Disciplinary Probation/Limitation of Activities- A disciplinary probation/limitation of activities is normally a period of one (1) to five (5) days. The student is relieved of his or her social privileges because of serious or repeated instances of misconduct. Also, these are situations where there is no specific instance of conduct that is so outrageous that justifies termination from the program; but, there is a pattern of behavior where the student has continually engaged in one minor infraction of the rules after another and has received a documented verbal and/or supervisor verbal warning for rule(s) infraction(s). At this stage of the accountability process, a behavioral agreement is created and the student's parents receive a phone call.

Dismissal/Expulsion from the Program- At the determination of the Director of Pre-College Programs, the student will be dismissed from the program. Parents are responsible for the travel expenses for the student to return home within 24 hours of notification of expulsion and there will be no refund, prorating of the program fee, or credit earned.
